Electric heating boilers PV ready

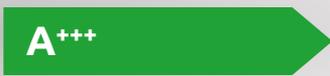

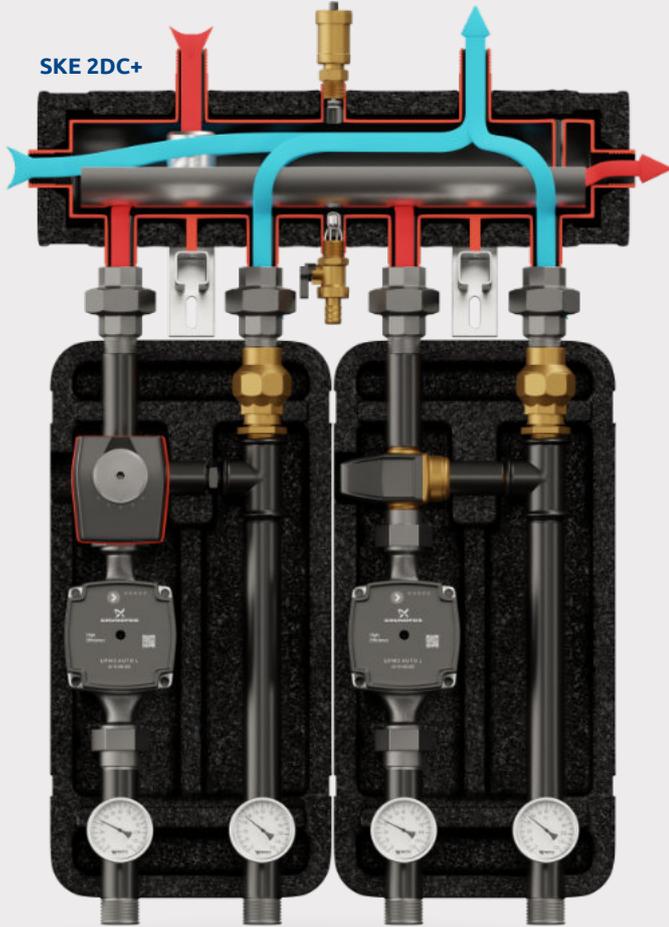

Hydraulic armature

Catalogue 2020.09

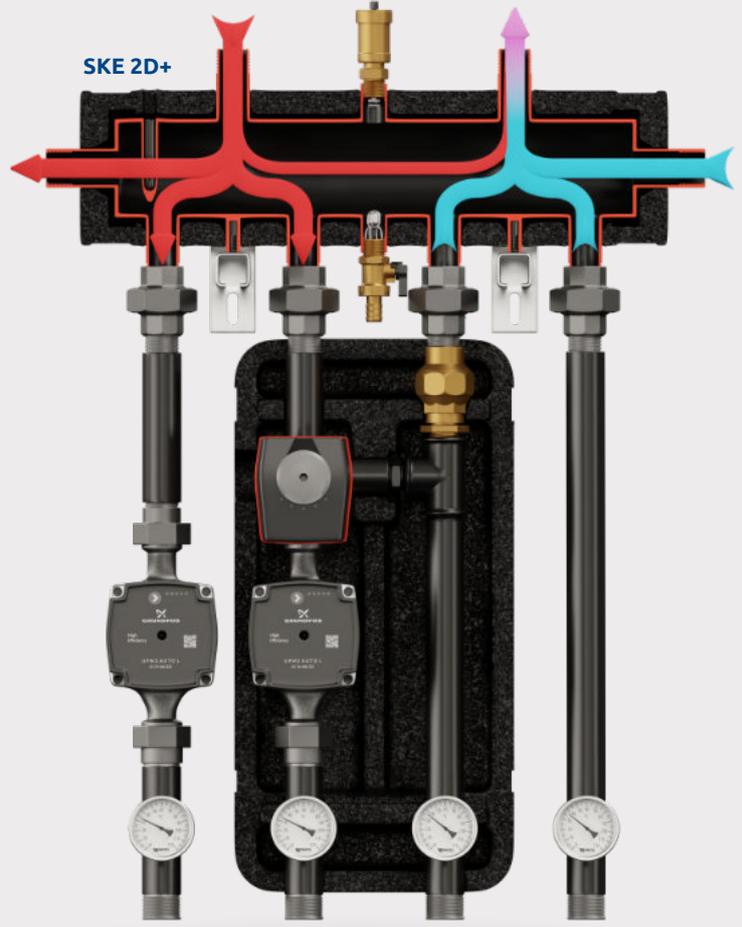

Built-in flow steering

- wide range of pump groups configuration
- no possibility of hot water return to heating source

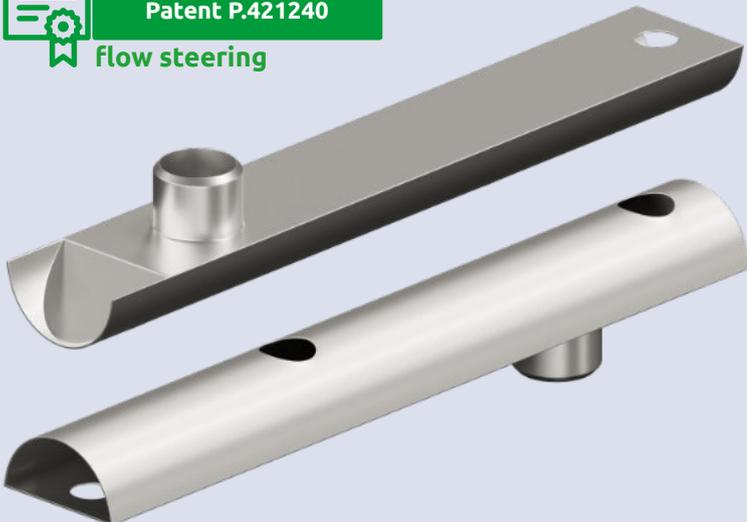

No flow steering

- limited range of pump groups configuration
- partial hot water return to heating source

Patent P.421240
flow steering

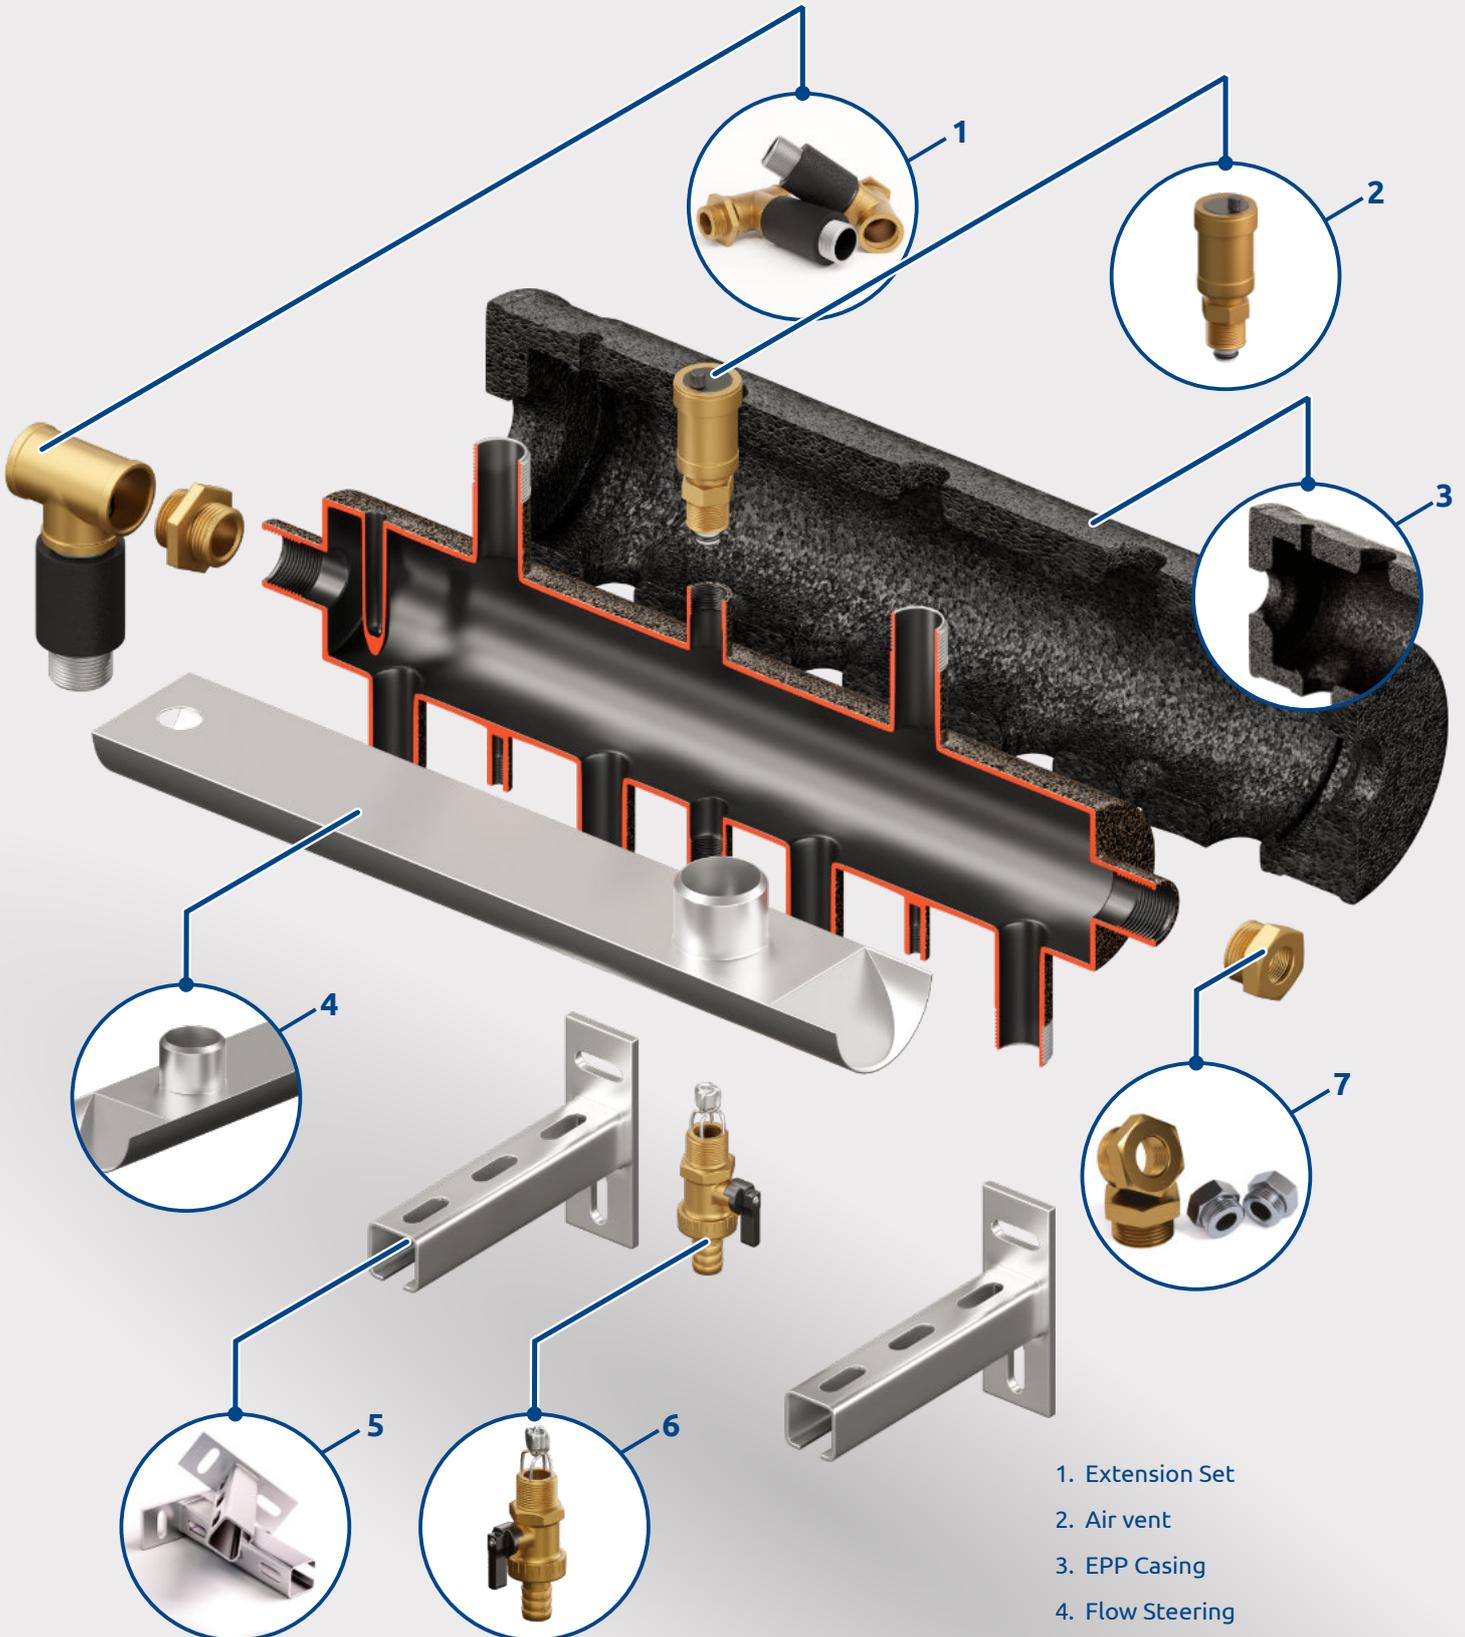

The most technically advanced Distribution Low loss header in Poland

- Keeps high efficiency of condensing boiler and heat pump
- Minimize return of hot water directly to heating source
- Guarantees equal uptake of hot water by pump groups
- Possibility of assembly couple pump groups with any mixing valve

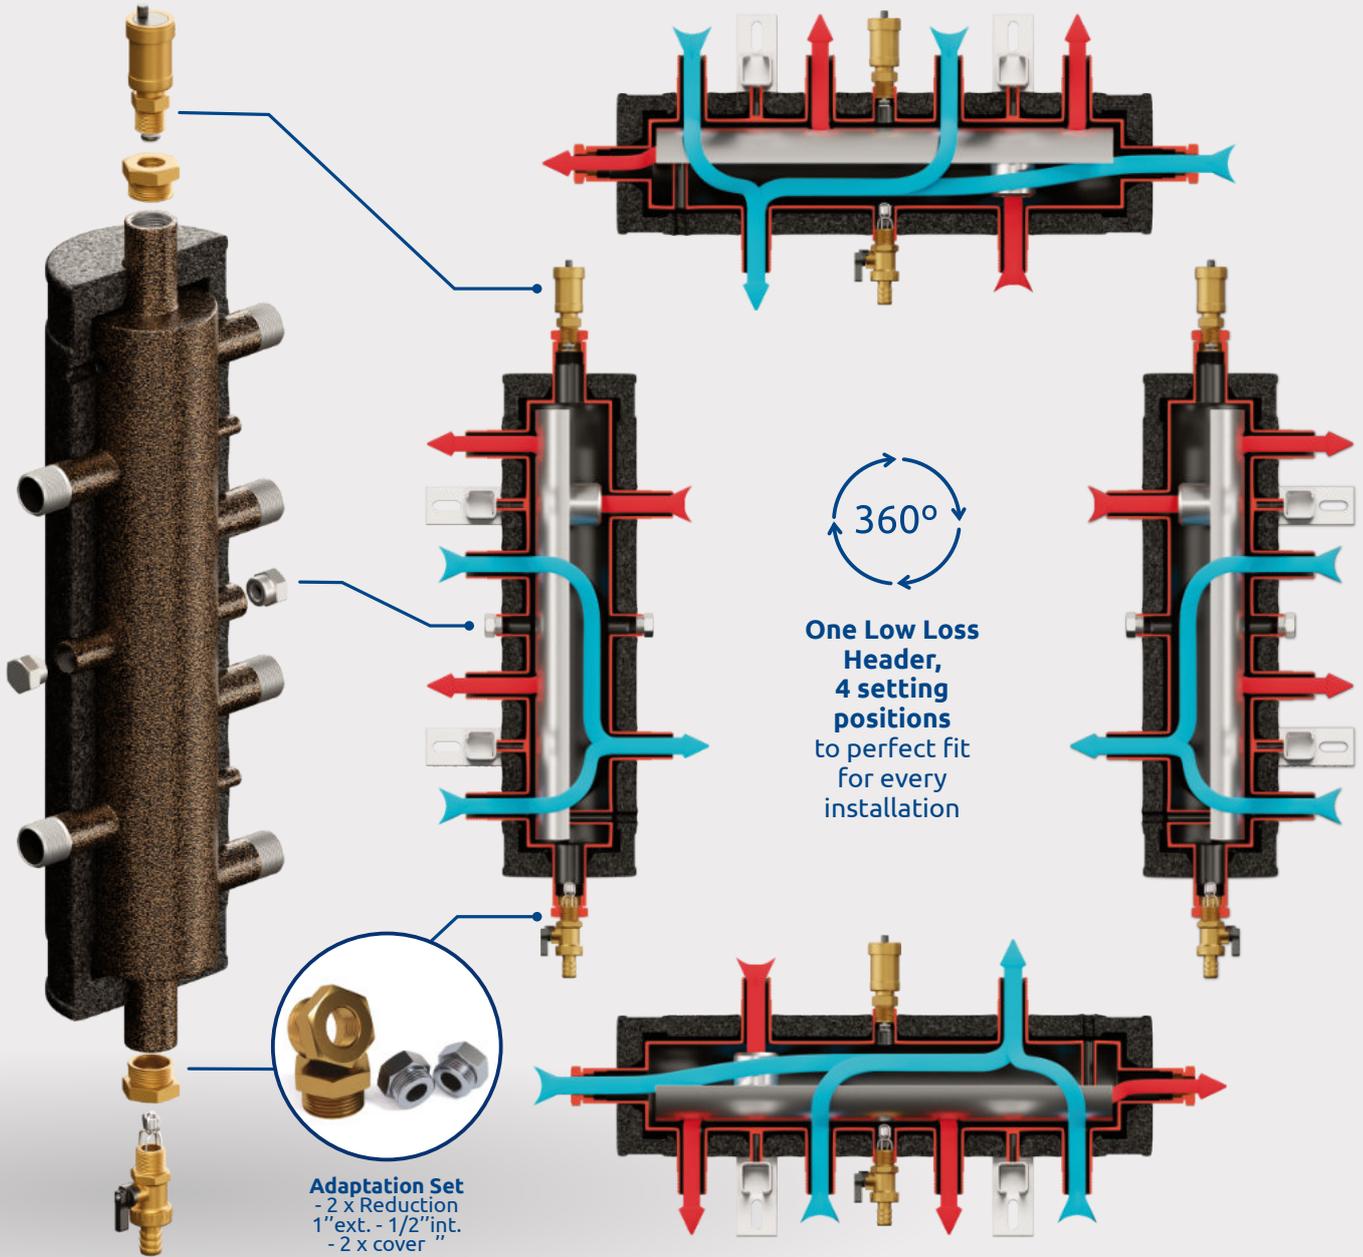

Patent P.421240

flow steering

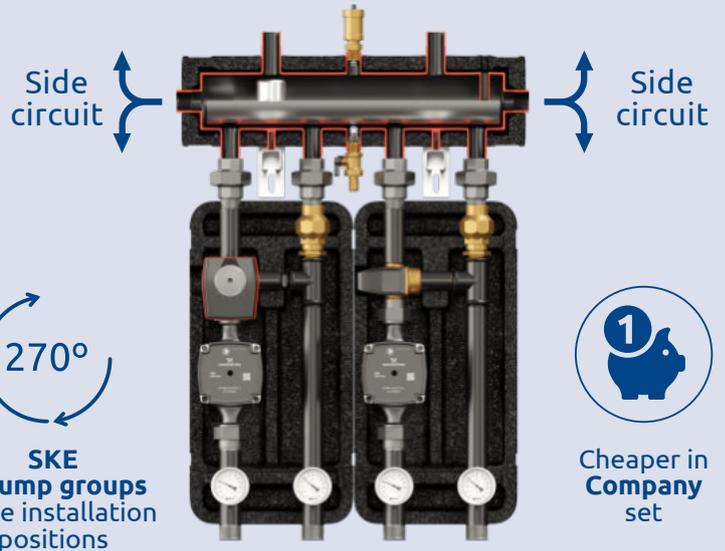

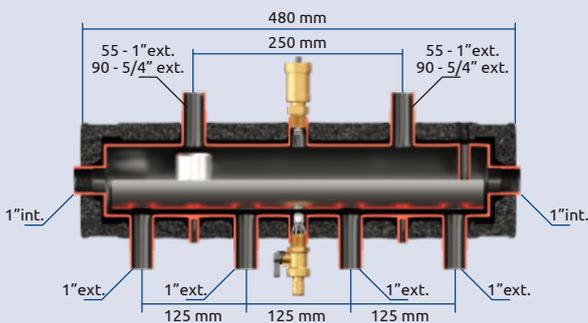

1. Extension Set

6. SMART Magnetic Separator
7. Adaptation Set

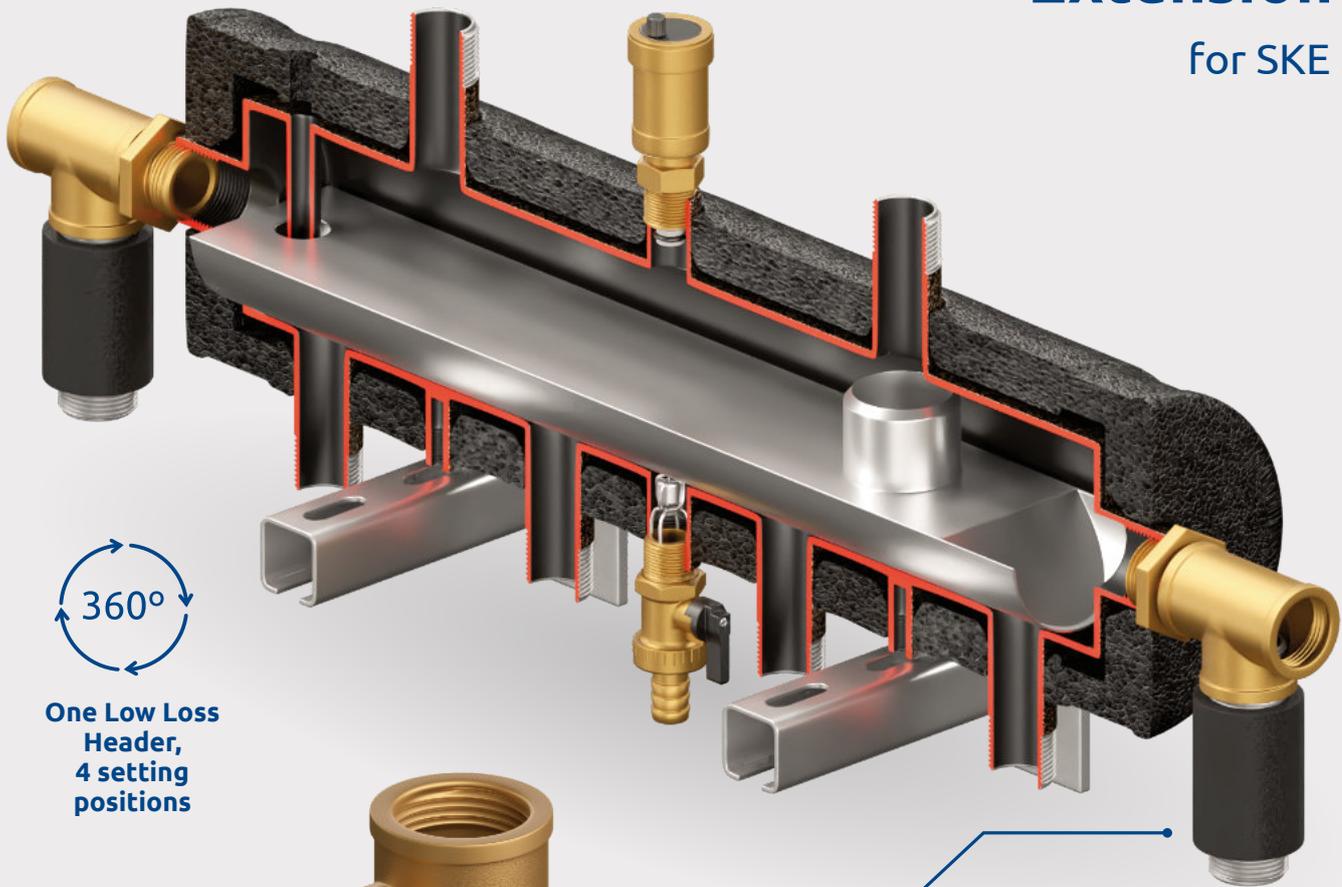

Included in SKE 2DC+ Condens price

SKE 2DC+ Condens	55 kW	90 kW
Item code	432055	432090
max flow	2,3 m ³ /h	4,0 m ³ /h
max power at ΔT = 20K	up to 55 kW	up to 90 kW

Extension set

for SKE 2DC+

One Low Loss Header, 4 setting positions

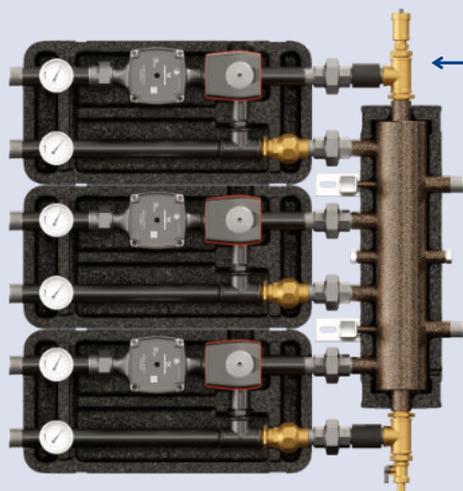

- three way adapter 1" (2 pcs)
- Nipple 1" (2 pcs)
- Pipe 1" (2 pcs)

Factory assembled

Extension set for SKE 2 DC +

Item code 400001

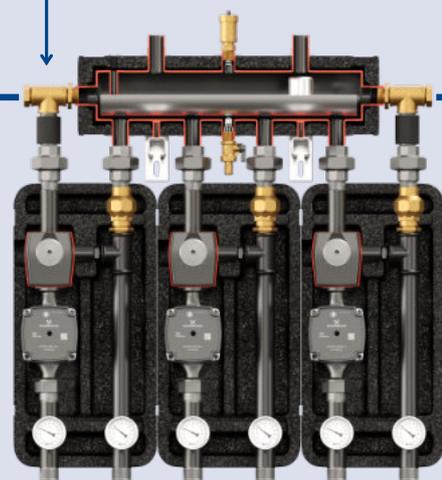

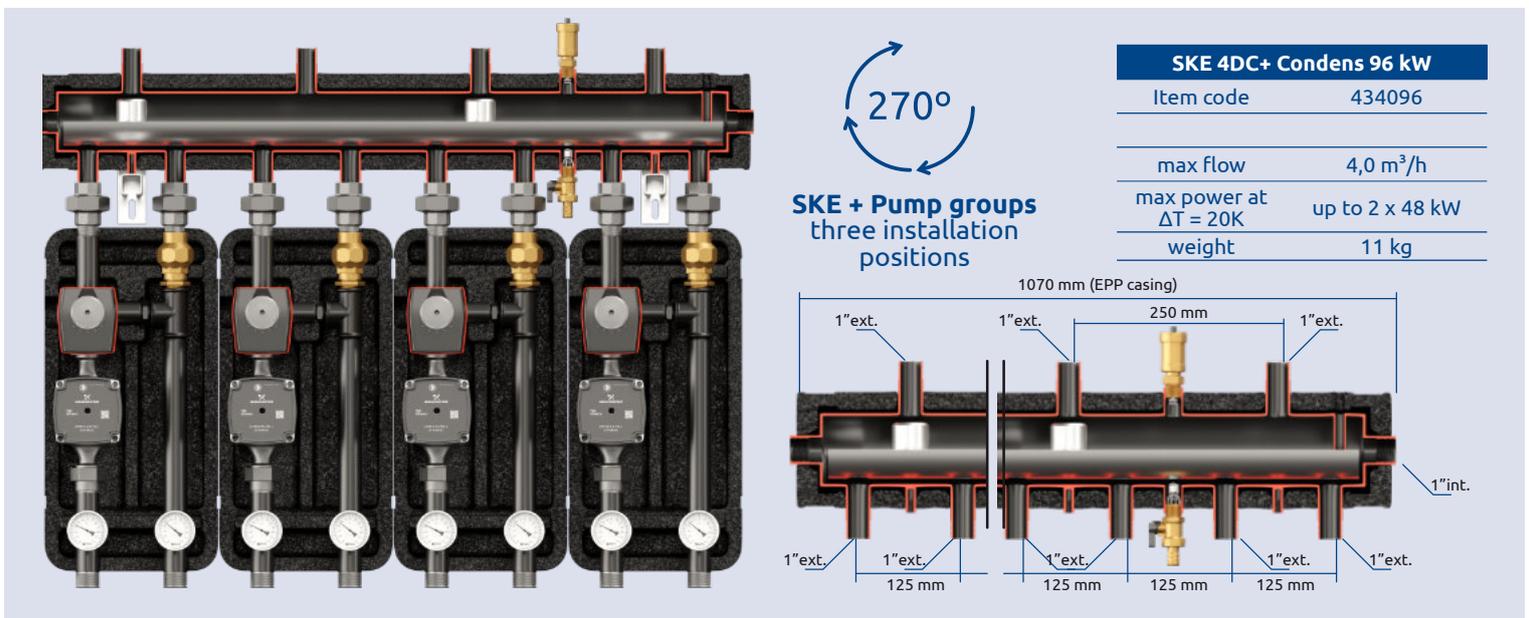

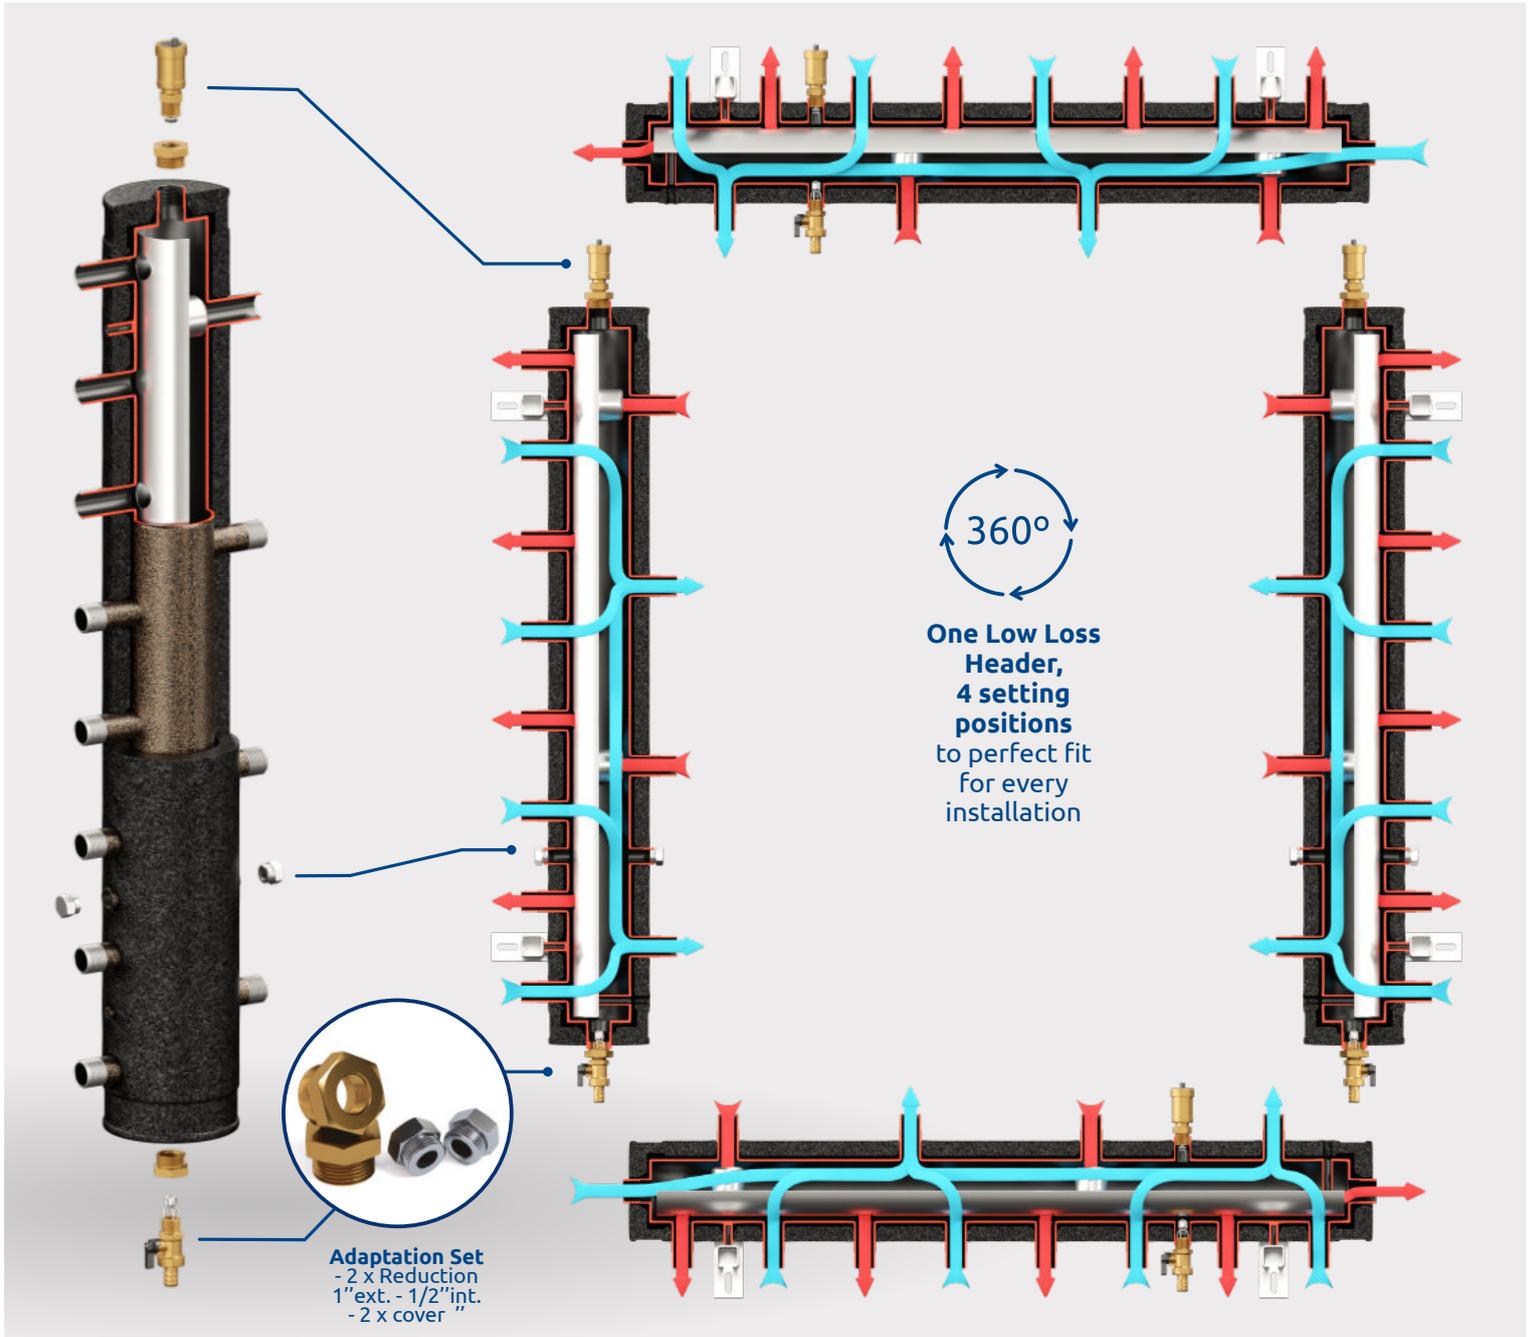

Side circuit

Side circuit

SKE + Pump groups three installation positions

Advanced automatics,

allows to control two sources of heat and circuits for CH, DHW,
 and circulation without necessity of adding additional expansion card,
 - CH boilers, heat pump basic automatics

AUTOMATICS CHOICE

LED **Advanced LCD automatics**

- digital display
- signalization diodes

LCD **Advanced LCD automatics**

- graphic digit display
- text messages
- pictograms, actual condition of boiler work signalling
- weekly programmers: CH, DHW and circulation
- room temp. and weather compensation controlling

Boilers Sergeant, Major, Hussar and Battalion for DHW purpose cooperate with **Standard DHW set**.

Standard DHW set (option):
to work with tank with minimum 15 kW coil (tank is not included in price of set)

Boilers Captain, Colonel, Commander and Division for DHW purpose cooperate with **Premium DHW set**.

Premium DHW set (option):
to work with tank with minimum 15 kW coil (tank is not included in price of set)

Advanced LCD automatics has built-in two DHW programs activated after connecting Premium set

Ensign boiler for domestic hot water is equipped in flow water heater with range from 12 up to 21 kW

Lieutenant boiler for domestic hot water is equipped in flow water heater with range from 12 up to 21 kW

Every boiler with advanced LCD automatics is factory equipped in

NEW AUTUMN 2020 - advanced LCD automatics

Wireless radio control set (option)

- wireless room temperature controller (transmitter and receiver in set)
- wireless outside temperature controller (transmitter and receiver in set)

Module+ internet app controls all boiler function

- monitoring all temperatures: boiler, room reg., weather reg. DHW
- changing temperature remotely
- editing time programs
- checking temperature graph
- turning on/off boiler circuits
- alarm display
- do not require static IP
- free app update
